**Description:** ACBH and The Pacific Center are offering a series of Sexual Orientation and Gender Identity Expression (SOGIE) trainings to address Mental Health Services for LGBTQI2-S populations. The topic for this module will be about transgender and non-binary populations.

**Learning Objectives – at the end of the training, participants will be able to:**

1. Define the terms: *Trans* and *Non-binary*.
2. List and define terminology in relation to Trans and Non-binary populations.
3. Describe at least 3 stressors that can contribute to health disparities in Trans and Non-binary communities.
