

I am pleased to announce Keith Zamora to the position of Interim Administrative Support Manager with Oakland Community Support Center, GART, and Vocational Rehabilitation.

Keith Zamora has been with Alameda County going on 6 years now. Keith started out officially in Public Health with WIC (CHS) as a Health Services Trainee. During his time at WIC he used his knowledge of Excel, Publisher and Word to help take the program to the next level. Keith then brought his talents to BHCS as a Specialist Clerk II with Children's Specialized Services where he spent two great years. Keith then took at a transfer opportunity and went to Santa Rita until it was time for him to come back home to Eastmont to take over Yvette's position as Interim ASM.

Keith enjoys cooking (very much) and making food for people. Potlucks are a huge deal for him! Keith also enjoys hiking with his wife and 2 kids, investing, reading, writing and he plans on starting an eBook series some time in the near future. Keith also likes to sit and go deep in thought, asking questions like "Is a calf called a calf, because it's half a cow?"
