

# SEXUAL ORIENTATION & GENDER IDENTITY (SOGI) DATA COLLECTION, AND THE PROVISION OF CULTURALLY RESPONSIVE MH SERVICES FOR LGBTQI2-S POPULATIONS 2017

Hosted by:  
ACBHCS Quality Assurance Office

## Training Objectives:

1. Define six culturally appropriate terms associated with LGBT populations.
2. Provide three examples of societal, and/or interpersonal, marginalization and discrimination often experienced by LGBTQ people
3. Describe four mental health &/or health disparities commonly experienced by LGBT People
4. Identify three ways to provide a welcoming and inclusive mental health care environment
5. Name two reasons why collecting sexual orientation and gender identity (SO/GI) data is important for mental health centers and client care
6. Describe three recommended methods to collect sexual orientation and gender identity data in a culturally responsive manner
7. Describe one example of when it would, and one example of when it would not; be appropriate to document the collected SO/GI data into the Client Record
8. Describe two clinical considerations when providing mental health services to the LGBTQ client population(s) you serve.
