RE: DHCS Triennial Audit January 28 - 30, 2019:

Dear Providers,

On December 2, 2019, we received a list of beneficiaries that were chosen for the Triennial Audit from the CA Department of Health Care Services (DHCS). All providers of the chosen beneficiaries have been notified. If you did not receive an email from Quality Assurance in regards to notification of records review or request of records for the Triennial Audit, there is no action needed. Thank you for your dedication and commitment to the clients, consumers, and family members of Alameda County.
