C. Program Description

Contractor shall maintain programmatic services at or above the following minimum levels:

1. Program Design

Contractor's TBS program shall supplement other specialty mental health services by addressing the target behaviors/symptoms that are jeopardizing the child's current living situation or planned transition to a lower level of placement.

Contractor shall provide short-term treatment services and develop a care plan for each client to further the child's overall care plan goals. Contractor shall develop intervention strategies that shall be refined or updated based on review. Contractor shall include a plan to taper off services as appropriate, and to work with caregivers to continue the utilization of effective strategies. Contractor shall deliver services at the time and place that provide the best opportunity for intensive therapeutic support towards meeting the care plan goals. Contractor shall review client's progress on a weekly basis with the client and their guardian. Contractor shall work collaboratively with the Primary Specialty Mental Health Provider at least monthly.

Contractor shall open cases within two weeks from the date of assignment by the ACBH TBS Administrator or designee unless the client requests postponement of case opening based on the client's preference for a specific provider and/or language/gender capacity.

Contractor may also utilize the Intensive Care Coordination (ICC) code, which falls under Case Management/Brokerage, though Contractor shall only utilize the assigned code when participating in a Child and Family Team (CFT) meeting on behalf of Katie A. subclass member or client eligible for ICC services that is facilitated by a designated Katie A./ICC provider agency. If the CFT identifies a new or significant change to the mental health goals within the CFT process of assessing and planning, Contractor shall update the client's care plan to reflect that change.
