

CANS and ANSA-T Newsflash - 11.20.15

Greetings Implementation Coordinators,

Here's a quick CANS and ANSA-T Update...

1. **Access to OA Production:** To date, no organization has been granted access to Objective Arts Production. New programming was needed to address additions related to Multiple Caregiver Assessments and Lead OA System Administrator.
2. **Certifications Not Transferring to OA:** Your OA Staff Lists that were submitted onto to www.CANStraining.com for "External ID" updating were helpful, however; not all "users" were found. The following issues are likely to be interfering with transfers to OA:
 - a) **Email Address** – some registered using a personal e-mail address which didn't match the work email address on the OA Staff lists. *Tip: Click on "Edit Profile" under Account Settings on www.CANStraining.com to update "email address" with work email.*
 - b) **Unregistered User** – some individuals never created their profile on www.CANStraining.com in the first place; this is the case for many of our "in-person" CANS Certified Trainers. There was no profile to match their test results or info from staff lists received. *Tip: Follow below "Instructions for Registering on California—Alameda County Jurisdiction"*

Instructions for Registering on California—Alameda County Jurisdiction

- Go to: www.canstraining.com
- Click on "register"
- Fill in the required fields:
 - Username (please create one)
 - First name
 - Last name
 - **Valid email address (please use your work email address)**
 - Create a password
 - Enter the password a second time to confirm
- Click "next"
- Select the **Jurisdiction** "California—Alameda County" from the drop down box
- Select your **Agency** from the drop down box (**if you don't see your Agency, please contact Alex Jackson to have it added**)
- Enter the required fields:
 - Phone number
 - **External ID (This is your InSyst Staff ID#)**

- c) **Existing User without External ID** - Given the above issues (i.e., email, unregistered user) it should be no surprise that the Praed/Chapin Hall had difficulty matching account profiles with Agency Staff Lists. I am pleased to report that existing users may now add their external ID to their profile. *Tip: Just click on "Edit Profile" under Account settings on www.CANStraining.com to enter InSyst Staff ID# in "External ID" field.*
3. **User Manuals & Rating Sheets:** The **Caregiver Needs Domain** has been modified to allow for the assessment of multiple caregivers. The **CANS Provider Collaborative** has updated the manuals and

CANS and ANSA-T Newsflash - 11.20.15

rating sheets to reflect the changes in OA. The Collaborative will test functionality on OA and wrap things by 12/4/15.

4. **CANS and ANSA-T Training Calendar:** The **CANS Provider Collaborative** is offering a **CANS Supervision, Part 1 workshop** on Monday, 12/14 from 3-5pm at 1900 Embarcadero Cove, Brooklyn Basin Room in Oakland. To register, please go to: <http://alameda.netkeepers.com>
