

Memo

To: **All ACBH Staff**

From: James Wagner, Deputy Director of Clinical Operations 

Date: October 24, 2022

Subject: VOCATIONAL SERVICES PROGRAM TRANSITION OF LEADERSHIP

This communication is to make you aware of the leadership transition in ACBH Vocational Services. Theresa Razzano, the Division Director of Vocational Services is retiring. Theresa has worked for Alameda County for more than two decades and has been the Director of ACBH vocational services since 2016. Theresa is well known for her enthusiasm in assisting our beneficiaries find permanent jobs. She frequently likes to remind us that the positive health outcomes tied to gainful employment are well known and that our consumers are not immune from those outcomes. Theresa's passion and drive will be missed and we wish her well on the next part of her journey as she approaches her last day of work on Friday 12/02/22.

After Theresa leaves, Jen Mullane, Associate Director of our Adult and Older Adult System of Care, will oversee Vocational Services until a new permanent director is appointed. Jen is very familiar with vocational services at ACBH as she has been involved at various levels with this unit during her tenure at ACBH. I anticipate that the department will be able to appoint a new permanent leader of the vocational unit some time early in 2023.

If there are questions please do not hesitate to contact me.
