MENTAL HEALTH & SUBSTANCE USE SERVICES

Welcome, Jennifer Yun, LMFT

New Out of Class ECM Behavioral Health Clinical Supervisor

I am pleased to announce the appointment of the new ACBH Out of Class Enhanced Care Management Behavioral Health Clinical Supervisor.

Ms. Jennifer Yun is a Licensed Marriage and Family Therapist and has been with ACBH since 2018. During the past five years she has held the roles of Behavioral Health Clinician II and Interim Behavioral Health Clinical Supervisor over both the Schreiber Center and the Geriatric Assessment and Response Team (GART). Ms. Yun is currently in the role of Schreiber Center Behavioral Health Clinician II, applying her clinical skills to serve individuals dually diagnosed with intellectual and developmental disabilities and serious mental illness.

Ms. Yun has a strong clinical background providing assessment, psychotherapy, and case management services to adults and older adults with varying backgrounds. She has a collaborative spirit and is able to bridge service gaps through her engaging and approachable style, a skill that will benefit the ECM program greatly and is in alignment with the CalAIM initiative.

Ms. Yun is excited to join our ECM team so that she may continue to work to increase and improve accessibility to appropriately matched services for individuals in our community. ACBH leadership is equally excited that Ms. Yun is joining our ECM team.

Ms. Yun's first day in her new role will be October 3, 2022. Please join the ECM team and ACBH leadership in welcoming Ms. Jennifer Yun as the newest team member within our department!
