

As we approach the end of May, ACBH continues to celebrate the national acknowledgement of Asian American & Pacific Islander and Native Hawaiian Heritage Month during the month of May. We continue to celebrate the culture, contributions, historical and emerging traditions held with the AAPI

community including our own ACBH colleagues.

We are grateful and made better by the contributions of our AAPI colleagues. During this month each week, we have featured one ACBH colleague who have shared their unique story about their journey, pride, trials, and opportunities that have defined their AAPI experience. This week we are happy to share Mark Nolasco's [reflection](#). Mark is a Supervising Clerk at the Vocational Program.

If you missed the reflections of our colleagues previously featured you can find **Catherine Powell** [reflection](#) here. And **Trinh Reyes'** shared her reflection [here](#).

Also, as a reminder the Health Equity Division will facilitate an online discussion lead by Russell Jeung, entitled titled **Suffer in Silence No More** on **May 31, 2023, at 10 a.m.** For more information, please see the [flyer](#).
