Thursday, June 22, 2023

10:30 a.m. – 12:30 p.m.

## Course Description:

This training module will provide participants with foundational knowledge of health equity issues facing the LGBTQIA+ community, specifically in California. Using the principles of Cultural Humility, participants will critically examine the ways in which systems of care can provide a more affirming approach to service delivery for Queer and Trans community members. Recognizing sexual orientation and gender are only two components of a person's identity, this session will take an intersectional approach to serving people as their whole selves.

3 CE's, includes one-hour of preparatory reading and 2-hours of workshop time.
