

## Welcome Brian Godwin! New Management Analyst

---

Please join me in welcoming Brian Godwin to the position of Management Analyst within the Mental Health Services Act (MHSA) Division at ACBH.

Brian will be responsible for the overall planning, designing and implementation of quality improvement and evaluation projects to highlight the outcomes and impacts of MHSA funded programs. He will also be assisting the MHSA Team in partnering with other units and divisions around dashboard development, production of informing materials and increasing data collection efficiency.

Brian comes to ACBH by way of Alameda County Care Connect (AC3) in Health Care Services Agency where he worked on a diverse range of projects including: the Community Health Record and the Social Health Information Exchange (SHIE); the development of multiple policy and informational reports; leadership around data visualization for various AC3 projects and was a project manager on numerous assignments.

Away from work, Brian enjoys swimming (particularly open water swimming in the SF Bay); riding his bike long distances; and spending time with friends and loved ones. He also equally enjoys cooking and learning new culinary techniques and taking daily walks with his partner and their two cockapoo teddy bear dogs.

*Please join me in sending a warm virtual welcome to Brian as he transitions into his new role within our department!*
