

Youth Experiencing Homelessness: A Focus on African American Adolescents and Experienced Trauma.

COURSE DESCRIPTION:

Recent literature has focused on the impact that homelessness has on youth, as well as those around them. Through the means of a lively discussion and dialogue, this training aims to help the participants grasp concepts related to the often-inevitable generational trauma youth have, as well as the compounding trauma African American youth may encounter while experiencing homelessness. Additionally, trauma-focused interventions will be provided.

TARGET AUDIENCE:

Community-Based Organizations and ACBH contracted Mental Health and Substance Use Disorder Provider staff.

MEASURABLE LEARNING OBJECTIVES:

- The learner will be able to identify two (2) areas of trauma that impact physical health.
- The learner will be able to identify two (2) areas of trauma that impact mental health.
- The learner will be able to describe two (2) areas to specify trauma-informed care techniques when working with youth who are experiencing homelessness.
- The learner will be able to list three (3) areas of resiliency related to youth who are experiencing homelessness.

ABOUT THE PRESENTER

Darius Campinha-Bacote, PsyD, HSP - is a licensed clinical psychologist at the Dallas County Juvenile Detention Center, where he is a functional family therapist and program supervisor for the Functional Family Therapy program. In this role, he works with youth and their families who come from underprivileged backgrounds. Dr. Darius Campinha-Bacote, received his BA in Psychology, double minoring in Social Work and Women's Studies from the University of Dayton, and both his master's and doctorate from Wright State University School of Professional Psychology (SOPP). He is credentialed as a Health Service Psychologist (HSP), as well as a certified trauma therapist in Trauma Focused Cognitive Behavioral Therapy (TF-CBT). Dr. Darius Campinha-Bacote has served as the Cultural and Linguistic Competency Coordinator for a Substance Abuse and Mental Health Services Administration (SAMHSA) grant in which he partnered with youth and adults to coordinate culturally competent policies designed to ensure culturally specific interventions for transitional-aged youth from diverse ethnic and cultural background.
