

Tobacco Treatment in Primary Care and Behavioral Health Settings

Tuesday, April 23rd, 2024, 10:00 am – 11:00 am PDT

Trainer: Dr. Maya Vijayaraghavan, Director of the UCSF Smoking Cessation Leadership Center

Description: This training will provide an overview of the epidemiology of tobacco use in the United States, cover information on tobacco treatment approaches for the general population and those with behavioral health conditions, and review workflows and policy approaches to addressing tobacco use.

Who Should Attend: Administrative and/or clinical staff of Alameda County Public Health Department-contracted provider organizations and Alameda County Behavioral Health (ACBH)-contracted substance use treatment and mental health programs.

Measurable Learning Objectives

- State the prevalence of tobacco use among at least two (2) behavioral health populations
- State at least two (2) methods for smoking cessation counseling
- Identify all seven (7) FDA approved pharmacological treatments for smoking cessation
- State at least one (1) workflow, systems and/or policy approaches to treating tobacco use

Registration required, Zoom link sent upon registration • **Register [online](#)**
