

Anyone can join
the Listening
Sessions!

Alameda County Behavioral Health Department (ACBHD)

Opioid Settlement

Listening Sessions (2024)

**Please join us for the second Opioid
Settlement Listening Sessions in September
2024.**

The purpose of the listening sessions is to review Alameda County's opioid data, programs/activities and collaborations that are currently underway with the settlement money, settlement funding and spenddown updates, and ACBHD's short- and long-term program planning aimed at reducing opioid crisis in the County.

In addition, the sessions will serve as a forum to engage our stakeholders for feedback on the implemented programs and to receive suggestions on the usage of the opioid settlement dollars county will receive.

Speakers and Facilitators

- Dr. Kathleen Clanon (Agency Medical Director, Alameda County Health)
- James Wagner (Deputy Director of Clinical Operations, ACBHD)
- Jill Louie (Budget Director, ACBHD)
- Dr. Joshua Kayman (Chief of Addiction Care Services, ACBHD)

**A total of three (3)
sessions will be held for
our stakeholders.**

Please join the sessions by
clicking on below ZOOM
links for each session.

- September 13 (Virtual, 11-12:30 pm)
