

CLAS Standards & Stigma/Discrimination Reduction in Behavioral Health

Thursday, November 7, 2024

10:30 a.m. – 12:30 p.m.

Course Description:

This training will explore the impacts of mental illness and racial identity stigma on accessing mental health care. It highlights that over half of individuals with mental illness do not seek treatment due to fear of being treated differently, which is exacerbated for those from racial and ethnic groups facing "double stigma." We will also discuss barriers behavioral health providers encounter when addressing these issues and provide strategies for countering stigma, prejudice, and discrimination against people with mental illness.

3 CEs, includes one-hour of preparatory reading and 2-hours of workshop time.
To fulfill an ACBH sponsored virtual training for both attendance completion and/or CE credit, attendees must achieve a score of at least 70% on the post-test
(This is a Free training)

Adèle James, MA, CPC

Brings an extensive knowledge in training on organizational equity, inclusion practices and implementation of assessments. She has served as an equity trainer for the California State Association of Counties Institute for Excellence in County Government and for Fresno County Department of Behavioral Health.
