

Creating Tobacco and Smoke-Free Environments through Policy and Program Implementation

Friday, August 2nd, 2024, 12:00PM-1:00PM PT

Trainer: Dr. Tara Leiker, Program Manager, LifeLong Medical Care's Tobacco Treatment Training Program

Description: This 1-hour training session will be focused on helping providers to establish tobacco and smoke-free environments within their facilities. Providers will understand the need to implement these policies. They will then gain the knowledge and skills needed to build successful programming to create a tobacco and smoke-free facility. Additionally, they will learn the proper steps and procedures to effectively implement functional program policies that meet the least amount of staff resistance.

Who Should Attend: This training is directed towards administrative and/or clinical staff of Alameda County Public Health Department providers and Alameda County Behavioral Health (ACBH) funded substance use treatment and mental health programs, but all staff are welcome to attend.

Measurable Learning Objectives

- List four (4) reasons for creating effective policies to establish a smoke-free facility.
- Explain three (3) steps to establish a tobacco and smoke-free facility environment.
- Describe two (2) skills needed to create successful tobacco control programming.
- Name one (1) way to implement functional program policies to meet the least amount of staff resistance.
