DONNA QUARLES
Certified Life Coach

TOPIC

**TURNING YOUR
DREAMS INTO
ACHIEVABLE GOALS**

I have built my practice on this one quote... "A wish is a step away from your own reality."

Everyone has a dream, but many feel the dreams are out of reach due to life circumstances they feel are holding them back...so it stays a dream.

With this training, I will teach you how to turn those dreams into reality...starting where you are, with what you have right now.

I do that by guiding you through the steps to make your dream an achievable goal... creating an action plan and the key steps to breaking it down into manageable, bite sized pieces... to achieve success now and in the future.
