

***Alameda County Behavioral Health Department (ACBHD),  
Older Adult Division is pleased to offer a FREE training as part of their  
Monthly Older Adult Training series:***

## **A Glance at ACBHD Substance Use System of Care**

**Tuesday, August 26, 2025**

**11:00 AM to 12:00 PM**

(Training begins promptly at 11:00 AM)

**Location:** Virtual -online

*(A ZOOM link will be emailed after registering.)*

**Target Audience:** This training is suited for Alameda County Behavioral Health staff, contracted providers, CBOs, Alameda County residents, and those who provide substance use services to clients within the County of Alameda.

**Description:** This presentation will provide attendees with an overview of ACBHD Substance Use Services and how to access referrals and treatment services. There will be an overview of screening tools based on ASAM criteria to assess for the most appropriate level of treatment services. Information about the prevalence of substance use in the Older Adult population and issues unique to this population will be discussed, as well as supporting older adult in connecting to services offered by the County of Alameda.

### **Training Objectives:**

- Understand what services the Substance Use Treatment Continuum of Care offers and to whom.
- Find out how individuals access substance use treatment within Alameda County.
- Learn how to support or assist Older Adults in accessing Substance Use Services.

### **Trainer: Shannon Singleton-Banks, MPH**

Shannon Singleton-Banks is a proud Bay Area native, and the Assistant Director for the Substance Use Continuum of Care at Alameda County Behavioral Health. With nearly two decades of experience, she plays a vital role in improving client services and strengthening partnerships between the County and community-based providers. Shannon previously served as a Program Services Coordinator for the Child and Young Adult System of Care, supporting wellness for Transition Age Youth (TAY). She holds a Master of Public Health and a Bachelor of Science from San Francisco State University, and is a certified Mental Health First Aid trainer. Shannon brings passion and expertise in program development, contract oversight, and service delivery, with a strong focus on equity and support for underserved communities.
