

Protecting Children from the Dangers of 1st, 2nd, and 3rd Degree Smoke

Friday, April 18, 12:00PM – 1:00PM PT

Trainer: Dr. Tara Leiker, Program Manager, Tobacco Treatment Training Program

Description: This 1-hour brown bag training session will teach and explore the definitions of each 1st, 2nd, and 3rd degree smoke caused by tobacco use. Participants will learn where each degree of smoke comes from, what they each mean, and the depths of their infiltration into the air and/or various surfaces. Additionally, by the end of the training each participant will be able to explain how 1st, 2nd, and 3rd degree smoke each impact children and their health in dangerous ways.

Who Should Attend: This training is designed for administrative and/or clinical staff of Alameda County Public Health Department-contracted provider organizations and Alameda County Behavioral Health-contracted substance use treatment and mental health programs, but all are welcome to attend.

Measurable Learning Objectives

- Provide (1) one definition for each degree of 1st, 2nd, 3rd, and 4th degree smoke.
- Describe (1) one meaning and impact of each degree of smoke.
- Name (2) two pathways for tobacco smoke to infiltrate into the air and/or surfaces.
- Explain (3) three dangers of smoke and its impact on children and their health.

Registration required, Zoom link sent upon registration • **Register [online](#)**
