

Behavioral Health Department

Alameda County Health

Welcome, Vivian Singleton, LMFT Clinical Supervisor, Oakland Community Support Center, Adult Outpatient

We are excited to welcome Vivian Singleton to the team!

Vivian brings a leadership style grounded in integrity, trust, and a strong commitment to culturally responsive, trauma-informed care. She focuses on creating spaces where both clients and clinicians feel safe, respected, and supported in their growth. Her approach is guided by Freedom, Grace, and Connection valuing autonomy, leading with compassion and humility, and building meaningful relationships that strengthen teams and outcomes.

Vivian is not new to Alameda County Behavioral Health, she previously worked at Oakland Community Support and most recently served as a therapist with Children's Specialized Services, bringing valuable experience and insight into her role.

As a supervisor, Vivian is passionate about creating a supportive learning environment where clinicians can grow, feel challenged, and lean into their strengths. She sees supervision as a true partnership balancing accountability with empathy and structure with flexibility while encouraging curiosity, reflection, and confidence in clinical work.

Vivian also values collaboration across teams and systems, bringing a steady, transparent, and thoughtful presence to her work in a variety of settings.

At the heart of it all, Vivian believes that healing happens through relationships and that strong, compassionate leadership can make a real impact on both teams and the communities we serve.

Outside of work, Vivian enjoys spending time with family, relaxing, listening to music, and enjoying good food.

Please join us in welcoming Vivian to the team!
