Housing/Living Situation Contract Expectations

All Alameda County Behavioral Health Care Services (BHCS) providers are expected to complete and submit an online Annual Assessment that identifies Housing/Living Situation and Co-Occurring Conditions activities implemented in BHCS-funded programs. This on-line assessment must be completed by July 10th after the end of each contract year.

The BHCS Quality Improvement priority on Housing/Living situation reflects a commitment to support wellness and recovery by developing services that help BHCS clients find and keep a home. The federal Substance Abuse and Mental Health Services Administration (SAMHSA) Recovery Support Strategic Initiative has also identified a "Home" as one of four major dimensions that support a life in recovery.¹

In addition to participating in housing-related educational opportunities, providers are required to operationalize *at least one* of the following activities into operations/service delivery. *Please direct any comments or questions about these housing activities to the Housing Services Office using the contact information at the top of this information sheet.*

- Ensure that program staff are accurately reporting INSYST client address and housing/living situation data on their clients²
 - ✓ Obtain and distribute the housing/living situation data collection definitions
 - ✓ Establish an internal data quality process to ensure accurate reporting of this data
 - ✓ Obtain living situation data on open clients and update this information within INSYST
 - ✓ Develop and implement a plan to reduce the number of clients with housing/living situation data checked as unknown or other
- Help clients apply for Home Stretch or the General Assistance (GA) housing subsidy pilot
- Help clients apply for MHA housing units or other affordable housing units
- Use and help improve BHCS-supported housing-related information and referral resources by providing specific feedback, updates, or new housing-related information to Housing Services Office staff members:
 - ✓ "2-1-1" phone line
 - ✓ Housing Choices website: www.achousingchoices.org
 - ✓ Housing Services Office website: <http://www.acbhcs.org/housing>
 - ✓ Update Housing Services Office staff about community living facilities - "*shared/group housing situations often utilized by low-income people, e.g., licensed board and cares, alcohol/drug free housing or sober living, room and board, transitional housing, single room occupancy hotels, and others.*"
- Help clients with a housing need access BHCS-sponsored resources:
 - ✓ BHCS EveryOne Home Fund
 - ✓ Dedicated emergency/crisis shelter beds
- Update assessment approaches to ensure staff members ask about a client's housing/living situation on a regular basis.
 - ✓ Include housing/living situation questions in initial assessment forms
 - ✓ Include housing/living situation goals in service/treatment plans
 - ✓ Regularly review client's address and housing/living situation within service/treatment planning meetings

¹ SAMHSA's four major dimensions that support recovery are: 1) Health; 2) Home; 3) Purpose; and 4) Community. Source: <http://www.samhsa.gov/recovery/>

² Note: Below, the term "client" is used to refer to individuals receiving services and other members of their household.
