On May 30th, from 1:00 pm to 2:00 pm, DHCS will host a [Behavioral Health Services Act \(BHSA\) public listening session](#) on the County Integrated Plan for Behavioral Health Services and Outcomes. This session is open to the public. Ask questions, provide feedback, and find out what is happening next with implementation of the Behavioral Health Services Act.

In March, California voters passed Proposition 1, which includes the [BHSA](#) and [Behavioral Health Infrastructure Bond](#). The BHSA calls for a new County Integrated Plan for Behavioral Health Services and Outcomes that includes all local behavioral health funding and services. The plan requires counties to demonstrate coordinated behavioral health planning using all services and sources of behavioral health funding to provide increased transparency, stakeholder engagement, and outcomes for all local services. **During the public listening session, attendees can provide direct input on the guidance DHCS is developing for the County Integrated Plan for Behavioral Health Services and Outcomes.**

Visit the [Behavioral Health Transformation \(BHT\) webpage](#) for more information about the monthly public listening sessions and additional resources. Please send questions related to BHT and/or the public listening sessions to [BHTinfo@DHCS.ca.gov](mailto:BHTinfo@DHCS.ca.gov).

Thank you,

---
