III. PROGRAM INFORMATION AND REQUIREMENTS

A. Program Goals

Contractor shall provide services to accomplish the following goals:

- i. Improve the ability of clients to secure and maintain stable permanent housing¹ in the least restrictive and most integrated living situation appropriate to meet their needs and preferences;
- ii. Increase and support client choice around appropriate housing;
- iii. Reduce client hospitalizations and utilization of emergency health care services for mental health and physical health issues;
- iv. Improve clients' overall health by connecting them with quality health care services, including physical, mental, and substance use disorder services, through direct service provision and linking clients with other health care providers;
- v. Reduce client criminal justice involvement and recidivism;
- vi. Ensure that clients obtain and maintain health insurance;
- vii. Ensure that clients obtain and maintain enrollment in public benefits programs for which they are eligible;
- viii. Help clients increase their monthly income and financial assets;
- ix. Increase employment among clients;
- x. Increase educational and/or vocational attainment among clients;
- xi. Decrease social isolation among clients;

¹ See the definition of permanent housing in section Q23: <https://files.hudexchange.info/resources/documents/Sage-Template-CoC-Full-APR.pdf>.

- xii. Improve client mental health status by reducing distressing mental health symptoms and improving daily functioning through direct mental health services provision and connections with appropriate mental health treatment and support; and
- xiii. Help clients achieve personal goals and expand their participation in personally-meaningful activities.

B. Target Population

Contractor shall provide services to the following populations:

1. Service Groups

Contractor shall provide services to individuals who are literally homeless² and who meet eligibility requirements for specialty mental health services.

Contractor shall make it a priority to serve eligible adults identified as particularly high need by Alameda County Behavioral Health Care Services (ACBH). ACBH shall utilize an approach adopted by the Alameda County Continuum of Care (CoC) for identifying level of need among homeless individuals.³

C. Program Description

Contractor shall maintain programmatic services at or above the following minimum levels:

1. Program Design

Contractor’s Housing Navigation shall provide an intensive, housing-focused, care coordination role within Alameda County’s health and housing services provider networks. Contractor’s Housing Navigators shall help clients obtain permanent, safe, and supportive homes as quickly as possible. Navigators shall also work to ensure that appropriate resources and supports are in place for individuals to maintain their housing. Navigators shall provide time-limited supports and use evidence-based practices to help clients obtain and maintain housing.

Service duration shall be individualized in accordance to client need. Extensions of services beyond twelve months after a client has obtained housing may be granted on a case-by-case basis through written approval from Home Stretch staff.

At least one member of Contractor’s program shall have access to the electronic data entry and claiming system approved by ACBH for purposes of coordinating care with other mental health providers in the ACBH provider network.

Contractor shall provide Housing Navigation in accordance with the published ACBH Core Tasks Checklists located on the ACBH website at <http://www.acbhcs.org/providers/network/cbos.htm>.

2. Discharge Criteria and Process

Contractor shall ensure discharge planning is reflected in the service/treatment plan goals. Contractor shall engage the client in discharge planning through a collaborative service/treatment planning process between the client and Contractor.

Contractor's discharge process shall include, but not be limited to:

- i. Discharge planning that begins at intake;
- ii. Agreement as to when the client shall choose to discharge, where he/she shall discharge to, and identification of the type of follow-up resources required to ensure that the clients' discharge shall be successful;
- iii. Discharge according to the client's discharge plan that describes the role of Contractor's staff in providing follow-up resources or services, and the coordination, if appropriate, with friends, family, and other members of the clients' support network.

In cases where the assessment indicates the need for follow-up case/care management, supervision, and assistance beyond the ability of Contractor to provide, every effort shall be made to secure appropriate resources from another agency. Whenever possible, Contractor shall convene a discharge meeting with all collaborating team members, including the client, 30 to 90 days prior to a planned discharge to assure clarity of the plan. Contractor shall maintain discharge plans, available to ACBH, in writing as a part of client's record.

Contractor shall assess clients' readiness for discharge by the following indicators:

- i. Client is able to sustain current living situation financially, in terms of activities of daily living (ADLs) and instrumental activities of daily living (IADLs), and in terms of following housing expectations contained in rental or other agreements;
- ii. Client is able to manage their health as evidenced by engagement in health services and ability to understand and follow recommended health care treatments and supports;
- iii. Client is engaged in regular activities of personal meaning; and
- iv. Client has connections with social supports outside of the professional health and human service system.
